Name: ___________________________________________  Date: __________________

**Sepsis**

- Increased oxygen demand
- Early warning signs
- Acutely unwell
- Tachycardia
- Lethargic
- Urine output
- Septic shock
- Raised respiratory rate
- Life threatening
- SIRS
- Acute confusion

**Six Hour Bundle**

- Intravenous antibiotics
- Referral to ICU
- Oxygen therapy
- Pain control
- Hand hygiene
- Intravenous access
- Intravenous fluids

**Three Hour Bundle**

- Intravenous antibiotics
- Referral to ICU
- Oxygen therapy
- Pain control
- Hand hygiene
- Intravenous access
- Intravenous fluids

**White Cell Count**

- Severe sepsis
- Screening tool
- Hypotension
- Critical care

**Sepsis Six**

- Infection
- Severe sepsis
- Multiple organ failure
- Intravenous antibiotics
- Hypotension
- Critical care

**Fluid Chart**

- Early warning signs
- Acutely unwell
- Critical care

**Severe Sepsis**

- Increased oxygen demand
- Early warning signs
- Acutely unwell
- Critical care

**Intravenous Antibiotics**

- Hypotension
- Critical care

**Infection**

- Early warning signs
- Acutely unwell
- Critical care
