

Name: _____

Date: _____

Metals and Nonmetals

Across

- 3. oxygen
- 4. nitrogen
- 8. magnesium + oxygen
- 9. carbon
- 11. gold
- 14. metals have a high
- 15. non metals are fragile or

16. non metals can burn to form

Down

- 1. carbon + oxygen
- 2. sodium + chlorine
- 5. the smallest particle of many compound are called

6. metals are good conductors of.....

7. non metals are mostly solids and

10. non metals are poor conductors of

- 12. hydrogen
- 13. silver
- 17. copper
