

Name: _____

Date: _____

Nervous System

central nervous system
parasympathetic
rufinis disc
bells palsy
transmits
sciatica
impulse
reflex

meissners corpuscle
node of ranvier
merkels disc
electrical
neuralgia
dendrite
sensory
brain

free nerve ending
schwann cells
sympathetic
peripheral
chemical
somatic
neurone
motor

krause corpuscle
myelin sheath
spinal cord
cell body
neuritis
nucleus
synapse
axon
