

# Cell organelles

## Across

2. I am the powerhouse of the cell I create energy just for you, without me you couldn't leave your room
4. I'm an independent cell but i do what i have to do, I'm lacking some things but i manage to get through
7. I'm found in animals larger in plants to, I'm a pretty nice guy, i store things just for you
8. I'm the jell-o of the cell, i fill it all up, I'm all over the place in and out

10. I'm the trash man of the cell, an unfortunate job i have, without me you'd be unhealthy that's important to
11. I'm all the parts of the cell, I'm pretty amazing, without me you would be nothing
12. I've got a little brother, lonely he is, I've got more friends and organelles to
13. on the outside I'm small but don't get fooled, I make up your life, i live and reproduce

## Down

1. I create your proteins in every way, I'm very small but i get you through the day
3. The say I'm choosy on what get let in, you could call me the guard of the dictators palace
5. i am the superior dictator of the cell, everybody does what I say
6. I provide my guy with food but I'm found only in plants, how do i do this, photosynthesis
9. I'm as stiff as boards found only in plants, I protect my cell and i say what gets in
