

the elements of art

Across

1. lines that go up and down
4. the type of texture you cannot touch but can see visually
6. the surface characteristics of an object
12. made by mixing 2 primary colors together
16. continuous line that is drawn showing an object's outer edges (no erasing or lifting of the pencil)
17. An enclosed 2-dimensional area

Down

2. made by mixing 1 primary and 1 secondary color together
3. these colors cannot be made by mixing other colors and are responsible for creating all other pure hues
5. an enclosed 3-dimensional area
7. angular shapes with straight sides typically used in mathematics
8. This element organizes the other elements within the composition

9. lines that go side to side
10. The path of a moving point (or a dot that went for a walk).
11. the type of texture you can physically touch
13. natural, curvy shapes, typically seen in nature
14. when wavelengths of white light hit a prism and are bent this element is produced
15. The broad range of a color from light to dark
