MLA Writing Vocabulary

Across

4. Quotation that is included in a paper without any introduction, context, or comment
7. Author's name and page number, in parentheses, after a quote or idea that came from another source
8. Format in which the second and following lines of an entry are indented (used in MLA Works Cited)
10. A summary of a source's information or ideas, expressed in your own words

Down

1. A source's exact words
2. List at the end of a research paper that includes all sources used
3. Punctuation used to indicate direct quotes, song titles, poems, chapter titles
5. Using words or ideas from another source as if they were your own
6. Font used to indicate the titles of major published works
9. A concise statement of the main purpose and argument of the paper
