# Circuits

## Across

- 2. Potential difference is measured in...
- 4. equipment used to measure potential difference
- 6. Equipment used to measure current
- 8. A circuit with one path only
- 9. Amps is used to measured...

- 10. A current will only flow in which type of circuit?

## Down

- 1. Charge is measured in...
- 3. A circuit with 2 or more paths
- 5. current x time =
- 7. Current is a flow of electrical charged carried by?
