# Circuits

## Across

2. Potential difference is measured in...
4. equipment used to measure potential difference
6. Equipment used to measure current
8. A circuit with one path only
9. Amps is used to measured...

10. A current will only flow in which type of circuit?

## Down

1. Charge is measured in...
3. A circuit with 2 or more paths
5. current x time =
7. Current is a flow of electrical charged carried by?
