

Deviance and Crime

Across

2. Any action, belief, or human characteristic that a large number of people who are members of a society or a social group consider a violation of group norms and for which the violator is likely to be censured or punished.

7. The study of all aspects of crime.

9. A widespread and disproportionate reaction to a form of deviance.

11. Deviance that is a violation of the criminal law.

12. Individuals who reject both traditional means and goals and instead substitute nontraditional goals and means to those goals.

13. A person's characteristic that others find, define, and often label as unusual, unpleasant, or deviant.

14. Serious crimes punishable by a year or more in prison.

15. People who accept both culture goals and the traditional means of achieving those goals.

Down

1. Minor offenses punishable by imprisonment of less than a year.

3. Those who label a person as deviant.

4. Deviant acts that persist, becoming more common, and eventually causes people to organize their lives and personal identities around their deviant status.

5. Early stage of random acts of deviance.

6. The supervised early release of a prisoner for such things as good behavior while in prison.

8. Individuals who devise society's rules, norms, and laws.

10. A word, gesture, or object that stands in for something or someone (a "label").
