

Name: _____

Date: _____

Macromolecules

monosacchride
energy storage
polysacchride
nucleic acids
carbohydrates
hydrophillic
phospolipids
biochemistry
hydrophobic
amino acids
disacchride
structures
cellulose
minerals
functions
vitamins
hydrogen
nitrogen
starches
hormones
examples
proteins
enzymes
maltose
sucrose
fructose
glucose
buriet
oxygen
carbon
iodine
lipids
salts
waxes
sudan
oils
fats
rna
Dna
