

Thinking and Problem Solving

Across

3. the last 4 cards I drew were hearts, so the next one will probably be a heart!
4. believing that because you watch Jeopardy every day, most other people do, too
7. awareness of your own thought process
8. "rule of thumb"
9. type of problem solving characterized by repeated, varied attempts

10. using cat litter to melt iced roads? I don't think so.

Down

1. related to researcher bias
2. not admitting a belief is wrong, even when shown evidence against it
5. when an answer just comes to you; the "Aha!" moment
6. step-by-step process that eventually leads to an answer
