# Science Vocabulary Project

leeuwenhoek anton van  
virchow rudolf  
nucleic acids  
mitochondria  
chlorophyll  
eukaryotic  
organism  
nucleus  
lipids

schleiden matthias  
photosynthesis  
cell membrane  
chloroplasts  
cell theory  
diffusion  
molecule  
vacuole  
carbon

organic compound  
multi-cellular  
hooke robert  
prokaryotic  
unicellular  
cytoplasm  
proteins  
element  
cell

schwann theodor  
carbohydrates  
brown robert  
chromosomes  
organelles  
cell wall  
compound  
living  
DNA
