# College Terms

## Across

3. 'Gift Aid' Money that does not need to be paid back

8. Students receive a response from the college earlier than typical response times. They do not have to commit to that college until the normal response date of May 1

10. Received through FAFSA. Usually has benefits such as fixed interest rates or income driven payment plans

13. A type of institution that depends on government money

14. Part time job provided by the school that you're attending. Awarded through FAFSA

15. An online platform that allows a student to apply to multiple colleges at once

## Down

1. AKA a junior college, can receive an associates degree or path to four year

2. A type of institution that is independent and sets its own policies and goals

4. If a student is accepted to a college or university, they have to attend that school in the fall

5. Money that comes through banks or credit unions. They set the interest rates and terms and conditions

6. Between academic times to have enriching experiences. Many students participate in different activities, or some students work and save up money.

7. Measures reading, writing, and math levels. Taken junior and/or senior year. Can be taken more than once

9. Free application for federal student aid

11. This is another standardized test that can be submitted to colleges. Can be taken as a junior and/or senior, and can be taken multiple times

12. Typically taken in the 10th grade. Helps prepare for the SAT
