

# Thinking and Problem Solving

## Across

2. "500." "How about 300." "450." "Deal."

4. The first of it's kind is referd to as a...

8. The thought of thinking about thinking is still thinking but deeper.

14. It worked before it'll work now.

15. Birds to flightless birds to live in warm climate birds to kiwi

17. Step by step will eventually and always get you to were you were planning on going but this is a short cut.

18. I was right even before it happen!

19. Backwards thinking, literally.

20. If  $5+3=8$  then  $8-5=3$  but with thought.

21. Give me what I want to hear!!

## Down

1. Man I going to pass this with perfect score! (but little did joji know he made a 2)

3. This raven is in a symbiotic relationship with wolves. All ravens are in symbiotic relationships with wolves.

5. a pool is a pool is a pool, ment for swimin not for rain drinking.

6. Erika I've got it!

7. "No no no no!" "Wash your face!" "NOOOOOO!!!"

9. There's nothing wrong with the question you just gotta use a bunch of different approaches till one works.

10. 10 wins in a row? it's bound to end.

11. the earth is flat, even if there's "proof"

12. But what if i say it like thiiiiiiisssss?

13. Step by step will eventually and always get you to were you were planning on going.

16. What does it mean to group similar things together?
