

Skeletal System

Across

- 3. anterior part of the skull
- 7. first region of the vertebral column
- 9. middle part of sternum
- 12. 7 are real
- 14. ___ is an example of lower limbs
- 15. 8 bones, the wrist
- 20. back of skull
- 22. holds frame for the body
- 26. located in the lower arm, connects with the thumb
- 27. located in the lower arm, connects with the pinky
- 28. once had 5 bones, then fused into 1
- 32. top part of sternum
- 34. there are ___ parts of the sternum
- 36. smaller bone in the lower leg
- 37. upper jawbone
- 38. 7 bones, the ankle

- 40. located between the tarsals and phalanges

Down

- 1. makes up the vertebrae
- 2. midline, within the nasal cavity
- 4. small bone in ear
- 5. second region of the vertebral column
- 6. bottom part of sternum
- 8. anterior of neck
- 10. 3 are not real
- 11. 2 are not connected
- 13. 80 bones
- 16. located between the carpals and phalanges
- 17. aka shoulder blade
- 18. lower jawbone
- 19. larger bone in the lower leg
- 21. fifth region of the vertebral column

- 23. largest bone in body
- 24. third region of the vertebral column
- 25. forth region of the vertebral column
- 29. ___ regions of the vertebral column
- 30. aka soft spot
- 31. fingers and toes
- 33. aka soft spot
- 35. upper arm bone
- 39. ___ is an example of upper limbs
