

# Ch. 18 The French Revolution and Napoleon

## Across

- the legislative body consisting of representatives of the three estates
- oath taken by delegates of the National Assembly after they were locked out of the meeting hall
- "hero of two worlds"
- the right to vote
- government ruled by elected representatives instead of a monarch
- a popular military leader; known for his short height when truly he was of average height
- social classes of France
- a financial expert wisely chosen by the king
- a period in time where courts conducted hasty trials
- nobles, clergy, and others who had fled France during the rebellion
- prosperous bankers, merchants, and manufacturers
- middle-class lawyers or intellectuals
- having great pride in ones country

## Down

- a grim medieval fortress used as a prison
- pushed the revolution into more radical action
- extravagant queen
- This occurs when a government spends more money than it takes in
- a shrewd lawyer who quickly rose to leadership of of the committee of public safety
- also known as old order
- a journalist who demanded equal rights for women
- a code of laws that embodied enlightenment ideas
- a fast falling blade that was considered more ethical
- dissenting groups of people
- well-meaning but weak and indecisive king
- popular vote by ballot
