

Name: _____

Date: _____

CHEMICAL TEXTURE SERVICES

Chemical texture services

Polypeptide chains

Thioglycolic acid

Double flat wrap

Hydrogen bonds

Alkaline waves

Concave rods

Amino acids

End papers

Croquignole perm wrap

Ammonia free waves

Permanent waving

Disulfide bonds

Base placement

Peptide bonds

Bookend wrap

Side bonds

GMTG

Basic permanent wrap

Acid balanced wave

Keratin proteins

Neutralization

Base direction

Low pH waves

Endothermic

Exothermic
