# Civil War Project

## Across

3. A breech-loading, single shot, rifle-barreled gun primarily used by cavalry troops.

4. A group of laws passed by southern states to discourage slaves from rebelling or running away.

5. An escaped slave who became a "conductor" in the Underground Railroad and helped to free thousands of slaves.

11. A slave who led the deadliest slave rebellion in history of the United States on August 21, 1831

12. An area of the United States referring to cotton plantations which stretched from South Carolina through Alabama and Mississippi to Texas

13. This dramatic and fiery editor of the abolitionist newspaper "The Liberator", spoke his controversial opinions openly and without apology.

16. A farmer who owns more than 20 slaves.

18. An engine "gin" that used two rollers and thin wire teeth to separate the seeds from the cotton fibers.

19. Loyal to the government of the United States. Also known as a Union, Yankee, or Northern.

20. People who wanted to abolish or do away with slavery.

## Down

1. A network of abolitionists who secretly helped slaves reach freedom in the Northern free-states or Canada.

2. A soldier who was wounded, killed, or missing in action.

6. A policy or an attitude that denies equal rights to a certain group of people.

7. A free African American and skilled carpenter, who organized a rebellion in Charleston but was captured and executed before the rising could begin.

8. A small percentage of wealthy southern families owning 50 or more slaves were given this title because they made a vast fortune from growing and selling cotton.

9. A Connecticut schoolteacher who invented a machine to remove the seeds from raw cotton

10. The best known African American abolitionist who toured the country talking about the horrors of slavery and started his own abolitionist newspaper called the "North Star".

14. A place where weapons and other military supplies are manufactured.

15. Activists who challenged the existing state of political and social ideas and thoughts.

17. To sell a crop for profit instead of being used by the grower.
