

Name: _____

Date: _____

Classical Conditioning

Across

2. learning isn't needed for stimulus

8. Stimulus response pair

13. Food in your mouth=Salivate

14. one stimulus signals the arrival of another stimulus

15. sight,sound,smell,taste or body

17. Response elicited by the conditioned stimulus

Down

1. a response that's automatically elicited by the unconditioned stimulus

3. Highly similar stimuli

4. Stimulus that automatically elicits an unconditioned response

5. The more similar the stimulus is to the conditioned stimulus, the stronger it is

6. a stimulus that elicits a new response

7. Conditioned stimulus precedes the unconditional, but is removed, so they don't occur together

9. Conditioned stimulus precedes the unconditioned stimulus and remains present, both occur together

10. Acquiring a new response to the conditioned stimulus

11. Partial Recovery in strength of the conditioned response following a break during extinction training

12. Diminishing of the conditioned response when the unconditioned stimulus no longer follows the conditioned stimulus

16. God Father of Classical Conditioning
