

Name: _____

Date: _____

trigonometry

Across

4. the space between intersecting lines
 6. the branch of math that deals with the relations between the sides and angles of triangles and the calculations used on them
 9. y/r
 10. the set of all inputs of a function

12. ratio of the adjacent to the opposite side of a right triangle

13. the repeating interval of a periodic function

14. inverse function of the sine

Down

1. the set of all possible outputs of a function

2. longest side of a triangle

3. 90 degrees

5. x/r

7. 1 of these is at the negative x-axis

8. the circle whose center is at the origin and radius is one

11. y/x
