

Period: _____

Eclipse

Across

2. a dark area or shape produced by a body coming between rays of light and a surface
4. the area on the earth or moon experiencing the total phase of an eclipse
6. the planet on which we live — the third planet from the sun
7. the shadow cast by the earth or moon over an area experiencing a partial eclipse
8. the phase of the moon in which its whole disk is illuminated

- 9.** an eclipse in which the moon appears darkened as it passes into the earth's shadow

Down

- 1.** an eclipse in which the sun is obscured by the moon
- 3.** the phase of the moon when it is in conjunction with the sun and invisible from earth, or shortly thereafter when it appears as a slender crescent
- 5.** the natural satellite of the earth, visible by reflected light from the sun
- 10.** the star around which the earth orbits
