

Instruments and Music Crossword

Across

2. woodwind instrument having a straight cylindrical tube with a flaring bell and a single-reed mouthpiece, played by means of finger holes and keys

3. a stringed musical instrument of treble pitch

5. a stick which is strung with hair. It is used to pull across the strings of a string instrument such as a violin, viola, cello or double bass.

9. a melody, especially one that characterizes a certain piece of music.

10. a musical instrument, roughly triangular in shape, consisting of a frame supporting a graduated series of parallel strings, played by plucking with the fingers

11. a brass musical instrument with a flared bell and a bright, penetrating tone. The modern instrument has the tubing looped to form a straight-sided coil, with three valves.

13. an instrument that is second lowest in pitch in its family.

14. a cylindrical mechanism in a brass instrument that, when depressed or turned, admits air into different sections of tubing and so extends the range of available notes.

15. a notation representing the pitch and duration of a musical sound

Down

1. a member of a family of metal wind instruments with a single-reed mouthpiece, used especially in jazz and dance music.

4. a thing designed to be put in or against the mouth

6. a stringed musical instrument with a fretted fingerboard, typically incurved sides, and six or twelve strings, played by plucking or strumming with the fingers or a plectrum

7. a large tuba that encircles the player's body and has a bell facing forwards

8. a large keyboard musical instrument with a wooden case enclosing a soundboard and metal strings

12. a strong, regular, repeated pattern of movement or sound
